## Experience

### Ingenious Med User Experience Architect

Worked with product management and development to design and implement features and improvements to our main application. Took projects from ideation and research to design iterations and wireframes, all the way through development. Lead UX team member for mobile development.

12/2017 - Present

### Trackmobile Marketing Intern

Individually developed cross-OS standalone desktop application. Designed banner ads, retractable banners, infographics, and more. Continued work for a week after 14-week internship as an independent contractor.

5/2017 - 8/2017

### Camp All-American CORE Leader

Direct supervisor of six counselors, giving bi-weekly evaluations. (C)hallenge, (O)versee, (R)elate, (E)nergize: all roles of my job.

5/2017 - 8/2017
